**TOKYO INSTITUTE OF LANGUAGE
JAPANESE LANGUAGE CENTER**

Greetings

Today, Japan leads in the world in science and Technology, economy, finance, and a range of other fields. Isn't it of great happiness and significance to learn such advanced culture and knowledge and then contribute to the society? In order to study and achieve the best results in Japan, first and foremost, you need to obtain the Japanese language skills.

I once studied in Japan. At that time, I ran into many of difficulties and troubles when studying the Japanese language and culture. That experience prompted me to do something for students, coming to Japan for study. That is the original objective for the establishment of this Institute.

Upon the time when you read this, you are already able to explore a bright future for yourself. Studying in Japan will help you to better understand Japan, other countries and thus your own country. I have every reason to believe the knowledge and experience you obtain here in Japan will make your tomorrow more prosperous.

On your way towards your dream of tomorrow, our Institute will make every effort to provide you with assistance you need. This is our sincere hope.

Educational Background

Bachelor of Arts, National Cheng Kung University, Taiwan
Ph.D., National University of Tsukuba, Japan

Work experiences

President of Tokyo Institute of Language, Japanese Language Center
National Chia-Yi Girls' Senior High School, Taiwan (1961-1964)
Lecturer, Komazawa University, Japan (1974-1981)
Lecturer, Senshu University (1983-2007)

Former principal / President *Lin Yin*

I think that you have various feelings and hopes about studying in Japan. There are always different kinds of barriers to studying in Japan, and I think that you will grow by overcoming them.

Japanese language schools are places not only to learn Japanese. While studying in Japan, you should study not only Japanese language but also Japanese culture and lifestyle. You need to learn, comprehend and make it yours. Studying in Japan does not consist of only joy and fun, but there is pain too. However, that is what makes you stronger, more confident and experienced. Please, believe in yourself and do your best!

Educational Background

Faculty of Science and Engineering, Meiji University

Work experiences

Head of this school

Principal *Hatsuhiko Koh*

Features of this Institute

1

Small class teaching

The size of class is limited to 10-15 students for better teacher-student interactions.

Students can receive specific instructions from teachers so that he/she can achieve the best results.

2

Psychological assistance and living support in native languages

There are tutors who can help students to solve their daily life problems in Japan. There are Taiwanese, Vietnamese, Nepali, and Uzbek staff who instruct students to create a favorable self-studying environment and to improve their living habits.

3

Learning Japanese and other countries' cultures

Students can gain knowledge of the history and essence of Japanese culture through various extracurricular activities. Furthermore, our institute enables students to communicate with students from other countries and learn about their cultures.

4

Student dormitory

Walking from this Institute for 8 minutes, you will reach the well-equipped dormitory where you can concentrate on study without worrying much about your daily life in Japan. The place is very convenient because there are supermarkets and restaurants nearby.

5

Scholarship system

Tokyo Institute of Language Scholarship System

Those who study at the institute for a long term and maintain excellent attendance records and outstanding results may apply for this scholarship.

Japan Student Services Organization (JASSO)

International students whose living expenses are privately financed and objectives are to enroll in a university are provided with a monthly stipend of 30,000 yen.

6

Convenient transportation

The Institute is located in Ikebukuro, one of the most prosperous areas in Tokyo, where the traffic system is operated by the Yamanote JR line and 8 other lines. This location has an easy access to everywhere. Moreover, there are department stores and sunshine cities that represent Tokyo around the station, making it an ideal place for students to work part-time.

Annual Calendar

The school divides the year into four semesters, and holds an entrance ceremony and new student orientation every semester. There is also a schedule for learning Japanese culture such as Japanese cultural experiences and field trips.

April

Entrance ceremony
Freshman orientation

May

Golden week
Physical examination

June

1st EJU exam
Final exam for Spring semester

July

The Weaver Festival (Tanabata)
1st JLPT exam

August

Summer holiday
Start accepting applications for April semester
Summer short-term course

September

Speech contest
Field trip

October

Disneyland (Disney Sea)

November

2nd EJU exam

December

2nd JLPT exam
Final exam for Fall semester

January

Chinese New Year
Mochi pounding

February

Japanese cultural experience (Dressing in a Kimono / Tea ceremony)
Graduation exam

March

Final exam for Winter semester
Graduation ceremony
Spring break

Curriculum

Being recognized by the Association for the Promotion of Japanese Language Education, our Institute has been supporting students who are primarily going to enter Universities, Junior and Vocational Colleges. Students can learn Japanese without difficulty because, taking level-check exam at the time of enrollment students can study in the classes which are easy to understand and match their Japanese language abilities; moreover, students will be taught by experienced teachers.

Message from Seniors

J. F. Oberlin University Graduate School
Birthplace: China
TIAN QI

Before coming to Japan, I didn't have much opportunity to speak Japanese, and I was not confident in my pronunciation. However, as I took Japanese classes every day, I became able to speak Japanese little by little, and now I can even speak with Japanese people. Also, by working part-time during the summer vacation, I was able to get used to Japanese life quickly. Furthermore, I was able to enter University because teachers helped me politely at every steps of the admission. I felt so secure because I could consult with office staff if I had any problem in my daily life and office staff was very helpful.

Chiba University of Commerce
Birthplace: Uzbekistan

The facilities of Tokyo Institute of Language, Japanese Language Center are very acceptable and you can make friends with students from different countries since students of the Institute are multinational. In addition to studying Japanese, you can also learn about Japanese culture through kimono dressing and tea ceremony experiences. Having various events with school friends and teachers, going on excursions during holidays, I can say that my student life at the Institute was full of enjoyable experiences. I hope everyone will also make such pleasant memories with their friends and teachers at Tokyo Institute of Language, Japanese Language Center.

I would like to convey a word as a senior who graduated from TJL. I think TJL is a wonderful Japanese language school. Because it has teachers who are enthusiastic and have interesting teaching methods, and international students from various countries. Thanks to my studies at TJL, I met international students from many countries such as Taiwan, Korea, and Malaysia, made friends, and gained useful knowledge for my current job. My juniors, please study a lot while you are in school, have a lot of fun, and make many friends. I hope you will make an amazing memories at TJL that you will never forget.

Voices of teachers and office staff

**Let's make a dream
come true !**

We provide students with all support and guidance in every aspect of their life during their studies in our school. Because there is office staff of different nationalities, you can consult in your native language, if you have any problems. As there is a very cozy atmosphere, please feel free to consult us about any matters such as life, health, learning Japanese, entering institutions of a higher grade and etc.
